

IM - 16  
Compact, efficient and quick

## The secure letter opener

The IM-16 letter opener eliminates the problem of damaged documents. That's because the IM-16 is designed to keep the contents of your mail safe while it opens every envelope swiftly.

### Maximise productivity

The IM-16 letter opener can operate at speeds of **up to 300 letters per minute**, so opened mail is delivered faster. Easy to use and ultra reliable, it can handle mixed mail without pre-sorting, and opens a wide range of envelope sizes. Its efficiency gives your staff more time to concentrate on more productive work.

### Save valuable time

There are lots of advantages to getting the right mail to the right desk earlier. Incoming payments are processed faster, boosting your cash flow. Customer queries are answered faster and orders are met sooner, enhancing customer satisfaction and the image of your business.

### Protect valuable contents

While conventional letter openers can easily damage contents, the IM-16 uses an innovative method to neatly slit one side of the envelope, leaving no sharp borders. This means the contents are left undamaged and ensures safe handling. And its unique anti-jamming device easily copes with paper clips and staples.

### No time to waste

With its innovative opening method, the IM-16 eliminates waste, leaving no messy scraps of paper littered around the office. Its compact size means you can use it where desk space is limited, and also makes it easy to move and store.

Automates task of opening incoming mail

Operates at speeds of up to 300 letters per minute

Protects valuable contents from damage

Handles mixed mail without pre-sorting

### Specifications

#### Operational efficiency

Speed up to 300 LPM

#### Envelope size

Minimum 90mm x 140mm

Maximum 280mm x 400mm

#### Thickness

Maximum 4mm

#### Dimensions

Height 250mm

Depth 390mm

Width 825mm (inc. catch tray)

Weight 7kg (without catch tray)

#### Electrical

Power requirements

Operates on 240V, 50/60Hz mains
