The Innovative Mailing System

Digital Mailing Solutions

Optimise efficiency. Ensure quality.

Intelligent high performance modular mailing system

Dynamic businesses count on smart productivity tools to do more than simply move the mail. The IN-700 takes mail processing to a new level of intelligence and delivers productivity at its best.

With state-of-the-art technology and myneopost online services under your control, you'll have the best-in-class solution to meet your demanding mail room needs.

Easy to use, the highly capable IN-700 with whisper quiet operation is fast and efficient. Improving productivity, providing cost control with added reliability the IN-700 will enhance business opportunities and objectives in organisations where mail handling must be optimised.

- Colour touchscreen control panel
- Simple, reliable, accurate operation
- Mixed-mail feeding and weighing
- myneopost** online mail management
- Best-in-class accounting options with **NeoStats**

Mixed mail feeder

- Eliminates the need for pre-sorting mail by size – helping to reduce operational costs.
- Processes & seals up to 150 letters per minute.

Pricing your mail

- In-line weighing automatically prices post by calculating size, thickness & weight up to 1kg.
- An accurate weighing platform reduces costly stamping errors and improves reliability of your mail deliveries.

Full colour touchscreen control

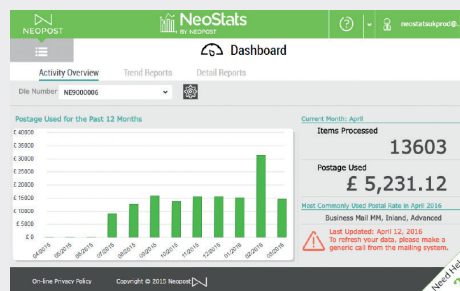

- Intuitive and easy to use with no specialised training required.
- The fail safe rate wizard helps eliminate the wrong postage being selected so you never spend more on post than you need to.

Complete your Mailing Solution with our new Business Apps and start managing your Mailing & Reporting from one centralised interface!

Take control of your postage expenses with NeoStats.

With flexible reporting at your fingertips, monitoring and controlling postage expenses has never been easier.

- **Save time** and **eliminate errors** often seen with manual postage reconciliation;
- Create **spreadsheets** and **colourful graphs** in minutes;
- Track mail expenses and recoup costs through chargeback.

Designing the Most Ecological Solutions

The IN-700 carries the eco-label – proof of our commitment to eco-design our products.

- Our optimised packaging* is 100% cardboard and recyclable
- The IN-700 complies with the latest EnergyStar® S standard using 5.6W on sleep mode**

- Products are at least 74% recyclable

* Volume of packaging/Volume of product is around 2,3

** Total energy consumption is 53kWh/year

With NeoSlogan, improve the impact of your mailpiece using one of the Free of charge library images

IN-700

Performance and Productivity

1. Productivity

Automatic mixed-size feeder adjusts to sort mail by size and thickness. Self-aligning rollers prevent jams or misprints.

3. Accurate and Flexible Weighing

Reliability at its best with this large integrated weighing platform. If you need to process heavy parcels up to 30 kg, the external weighing platform is made for you.

2. Accuracy

Dynamic scale automatically categorises based on shape and weight, then accurately rates mail.

4. Connectivity

Connect with high speed LAN and get the latest postal rates, software updates, ink alerts & remote diagnostics.

Customers have also chosen the DS-75 with the IN-700

By using a folder inserter, you eliminate manual folding and inserting of documents into envelopes. The DS-75 folder inserter is able to quickly and automatically process all standard mail management services as well as direct marketing applications.

We've Got You Covered

DMS customer support is there for you with our contact centre and trained technicians who are ready to assist you. We are dedicated to providing you

with world class customer satisfaction and offer you automatic diagnostics with our product line.

By uploading systems data, we will be alerted if you are having trouble. This remote access to your system allows us to analyse the situation remotely and then fix it accordingly.

Why Choose DMS?

DMS is a leading provider in mailing solutions, shipping services and digital communications. We believe that people are the key to business success. That's why our products and services are tailored to help your organisation improve the quality of its interactions and bring people closer together.

In this age of multichannel communications, we guide and empower you to interact in new and innovative ways. We advise you on how to create cost-cutting synergies. And we deliver global coverage with a strong local presence, offering you continual support by phone, onsite or online.
