

DS35

FOLDER INSERTER

MAILING PREPARATION IN A COMPACT PACKAGE

The DS-35 folder inserter answers the increasing demand for mail preparation in a compact package. Small and stylish, it is a desk-top folding and inserting machine, with the ability to cope with a wide variety of applications quickly and efficiently. Now, even many complex manual mailing jobs can be automated, with simplicity using the colour touch screen, freeing up staff and increasing productivity. With a operating speed up to 1350 item per hour the DS35 will save you time and money.
